- **InvoiceR™** – Staffing and Medical Industries

A communication e-newsletter from Resource Navigation -

This Month's Highlighted Solution:

New Release of InvoiceR™ –

Benefits of "InvoiceRTM"

- Uses technology to streamline your process
- Reduces the number of forms that are needed and eliminates manual data entry errors
- Creates your invoices quicker which improves your delivery time to your client
- Uploads into your current accounting packages (QuickBooks, Peachtree ...) to create the invoices and starts the accounts receivable tracking. You can also create them directly in "InvoiceRTM"

Why InvoiceR by Resource Navigation Inc. and ADP makes sense for staffing and temporary employment agencies –

- Payroll hours should be billed to your clients
- Payroll entry equals an invoice for your clients
- Generate commissions calculation for sales persons and recruiters
- Direct feed to your accounting/invoice system – I.E. QuickBooks, Great Plains, Peachtree
- Direct feed to ADP Payroll/HR systems
- Accuracy
- Flexibility
- **Client sign off on timecards web based solution**
- Technology – Client server, Web based, PDA compatible

NEW FEATURES to "InvoiceRTM" –

1. Allow for the recruiters and sales to work on an integrated system
2. Integration with all of ADP product platforms
3. What other product lets you use the best Human Resource and Payroll service with their systems (ADP)? Answer: Only Resource Navigation Inc.
4. Our system will verify if a candidate is already loaded into ADP software's and if they are not we will export the data to upload them.
